Shape The Future Of Live Selling

YoloMax makes Live Selling possible for all brands, retailers, and influencers. Unlock awareness, engagement, sales through shoppable livestream video. Stand Out, Sell Live.

Shopee Lazada Instagram TikTok LIVE

Stand Out, Sell Live.

Give your viewers a beautifully branded shopping experience that makes your livestreams stand out from the competition.

Live selling without YoloMax

Live selling with YoloMax

Elevate Your Stream with Multiple Angles.

Showcase the products from different angles by connecting multiple cameras that adjust with beautiful layouts. YoloMax supports 2 HDMI In ports and 1 USB In port for closeup & wide-angles to create the best viewing experience for the shoppers.

Create Engaging Background with Chroma Key.

Professional level green screen effect made easy with YoloMax. No complicated techniques required. With just a few taps, you can easily set up a virtual background and change it during the stream according to the topic, your script, or the response from your audience.

Stand Out with Various Graphic Overlays.

Brand your live streams like a pro with a bunch of built-in graphic overlays like lower-thirds, images, watermarks, custom logos, countdown timers and more. Graphics add a professional and polished look to any live stream and help you stand out from your competitors.

Amplify Your Sales Even After the Stream.

Record and edit your live streams and turn them into short shoppable videos that you can share everywhere. Reach new audience without having to create new content from scratch. Live stream ends, but your sales can continue.
